TMPOS Digital Platform Café (CAFÉ THANKS) Presenting in Korean Wellbeing Exhibition

Duluth, GA USA and Seoul, Korea – May 1, 2018: TMPOS, Inc. (OTC: TPPM)

TMPOS' Digital Platform Café (CAFÉ THANKS) exhibition will proudly be held in Korea. TMPOS, Inc.(OTC: TPPM) is a point-of-sale (POS) payment solution provider which utilizes the customer relationship management (CRM) platform developed by our business company, EsolutionTG. Café Thanks corporate chain stores will be physical locations to demonstrate TMPOS system's excellence as a multi-store cloud management point-of-sale system.

TMPOS operates multiple Café Thanks locations. We utilize digital platform services such as our POS and CRM program in USA, Korea, and Thailand. Initially, Café Thanks was an exclusive corporate-operated store franchise, but we are excited to offer franchise opportunities to the public.

Café Thanks recently participated in the "Healing Fair" held at the Gangnam Yangjae Center from April 6th to 8th, the largest exhibition within the industry in Korea. The Healing Fair introduces excellent products and services specializing in healthy lifestyle and wellbeing. The "Healing Fair" is the ultimate trend-setter in the healing industry and culture. It is composed of five exhibition theme zones: Healing Living, Healing Play, Healing Food, Healing Beauty, and Healing City & Tour. Over 150 companies and organizations participated and various experience programs were presented during the phenomenal event.

TMPOS plans to maximize the revenues and profits of Café Thanks by enhancing the customer experience through the incorporation of block chain technology, such as TXD PAY, TXD COIN, and TMPOS CRM, which together provide cash back service and promotional discounts for our members. Café Thanks is consistent in providing the best and newest health products, such as our low-carbohydrate, gluten-free pastries. We are glad that our newly launched drink-list and food menu drew much excitement from many patrons, and we are appreciative of our customers' trust and support.
