Bangkok has over 3,000 years of history and traditions making it very meaningful that Cafe Thanks opened in Bangkok, the heartland of Southeast Asia. TMPOS developed its POS & CRM program as a digital platform for Café Thanks Bangkok and expects to play a big role in the head office of our café franchise in Thailand and Southeast Asia. As Café Thanks has established itself as a digital platform cafe and a healing cafe in the US and Korea, Cafe Thanks Thailand, the first shop in Bangkok, will grow steadily by providing the best service and satisfaction to customers in Thailand and the rest of Southeast Asia.
